Disclaimer

This presentation contains “forward-looking statements”- that is, statements related to future, not past, events. In this context, forward-looking statements often address our expected future business and financial performance, and often contain words such as “expects” , “anticipates”, “intends”, “plans”, “believes”, “seeks”, or “will”.

Forward-looking statements involve inherent risks and uncertainties. We caution you that a number of important factors could cause actual results to differ materially from those contained in any forward-looking statement. Such factors include, but are not limited to: our highly competitive environment; the cyclical nature of our business; our ability to develop new products; and our successful execution in new business developments.
